Rodeo Entry Information

30-HOUR REPLACEMENT POLICY

ALL EVENTS: A DR, VIR, or a notified TO can be replaced by an alternate from a list of contestants that were drawn out as a result of using the “no same day” or “no same performance” preferences or due to qualifications or permit maximum, as long as the notification is made through PROCOM at least 30 hours prior to the scheduled performance (or slack) in which the contestant is being replaced. Notifications made after the “30-hour” deadline will not be replaced and notifications on record with PROCOM at the 30-hour deadline will be final. Replacements must be made prior to the first go-round of competition. In the team roping, a team will only be replaced if both partners of the team notify a DR, VIR, TO or DO following the same guidelines as applied in the other events. If only one member of the team notifies and his partner chooses to compete, his partner can find a replacement partner per rule R6.4. If stock has already been drawn in the riding events, the judges will draw an animal for the alternate contestant, after the TO deadline for that performance, from a pool consisting of the animal drawn by the contestant that he is replacing, any other turned out animals (which includes NTO's, DR's, and VIR's), and the first designated re-ride for that performance that is still available. If stock has not yet been drawn, the contestant will be drawn an animal by PROCOM during the scheduled stock draw time. Animals that are turned out (includes NTO's, DR's, and VIR's) will not be included in the re-ride draw until after the TO deadline (3 hours prior to the performance) and replacements for that performance have been made, to insure that there are the same number of animals and contestants for that performance.

ALTERNATE LIST (for events that add \$5,000 or more)
Contestants who were drawn out due to using the “NSD” or “NSP” preferences or who were drawn out due to using the “replace me if I don't get my preference” parameter will be the first to be considered

as alternates in the order that they originally qualified for the rodeo or event. Contestants who entered during the original entry period and were drawn out due to qualifications will be considered next. For rodeos or events that start prior to May 1, 2024, alternates will be selected based on 2023 money won. For rodeos or events that start on or after May 1, 2024, alternates will be selected based on 2024 money won, as of 7 days prior to entry closing. If an alternate is scheduled to compete at another PRCA rodeo or event during a performance that has a “same day” conflict with the position for which he is being considered as a replacement, he will not be eligible to be an alternate for that position. If a contestant does not accept an available position or is not eligible for a position due to a conflict during a performance, he will remain on the alternate list in the same order for any other positions that may become available. If the alternate accepts a position, he must turn out of the conflicting position at that time.

ALTERNATE LIST (for events that add less than \$5,000)
Contestants who were drawn out due to using the “NSD” or “NSP” preferences or who were drawn out due to using the “replace me if I don't get my preference” parameter will be the first to be considered as alternates in the order that they originally qualified for the rodeo or event. Next in the order, on the alternate list, will be a random draw of all contestants with “money won”, followed by a random draw of all contestants with no “money won”. Only contestants who entered during the original entry period will be considered as alternates.

Due to “featured” events and “equal money” in the team roping, some rodeos may be using both types of alternate lists for different events.

RE-ENTRIES POLICY

Each committee will have the option to implement the “Re-entries Policy” at its rodeo at the time of approval.

RIDING EVENTS: Re-entries will be accepted at limited entry rodeos where the actual entries accepted during the original entry period were less than the limit. Also, if there was not a limit for an event, and there were not enough entries after the original entry period to place at least 12 contestants in each performance, re-entries will be accepted. A time period will be designated and published in the Business Journal in the ground rules of each rodeo for the entries to be re-opened sometime prior to the riding event stock draw. Contestants that enter during the re-entry period will be placed in the remaining available positions. All re-entries will be accepted to fill the performances not to exceed the original limit defined in the ground rules (based on “money won” qualifications) or 12 per performance at a rodeo that did not limit its entries (based on a random draw.)

TIMED EVENTS: Re-entries will be accepted for events that did not have enough entries to place at least 10 contestants in each performance. Contestants that enter during the re-entry period will be placed in the remaining available positions. All re-entries will be accepted to fill the performances not to exceed the original limit defined in the ground rules (based on “money won” qualifications) or 10 contestants per performance at a rodeo that did not limit its entries (based on a random draw.)

ALL EVENTS: A contestant that re-enters will not be placed in a position that conflicts with his position at another PRCA rodeo or event. Further, a contestant placed in slack during the original placement of a rodeo may request a trade into an open position in a paid performance during the re-entry time. Re-entries will not be accepted if an event is declared “no contest” due to the lack of entries at the original entry closing time.

At the sole discretion of the PRCA, a re-entry may not be accepted.

Rodeo Entry Information

WALK-UP REPLACEMENT POLICY

Committees will have the option to implement the following “walk-up” replacement policy to the ground rules of their rodeo: “In addition to the ‘30-hour replacement’ policy, Procom will replace TO’s, DR’s, VIR’s, and DO’s in compliance with the “30-hour replacement” policy up to the turn out deadline for each performance (3 hours prior to the performance). At this point in time, the secretary will receive the notified TO’s and DR’s for that performance along with the alternate list established by Procom for each event in which contestants were drawn out due to qualification or due to using the ‘no same day’ preference or the ‘or out’ parameter. All TO’s, DR’s, and VIR’s (including contestants who notified after the 30-hour deadline, but before the 3 hour turn out deadline) may be replaced by contestants on the alternate list. If a riding event contestant turns out or doctor’s releases his position at a rodeo prior to the stock draw for that rodeo and an animal is not drawn for that contestant (see R3.2.1), that position will not be filled by an alternate contestant to insure that there are not more replacement contestants than there are animals available. Contestants who turn out or doctor’s release in a slack will not be replaced, with the exception of a two go-round contest where the 2nd go-round is guaranteed to compete in a performance (the second go-round position cannot be traded to the slack). Contestants who desire to be accepted as alternates must physically check in with the rodeo secretary no later than 2 hours prior to the performance. All alternate contestants will be required to pay entry fees. Stock for the Riding Events will be drawn for the “30 Hour Replacement” and the “Walk Up Replacement” contestants after the check in deadline, from a pool of animals consisting of the animals drawn by the contestants who notified turn outs through Procom (includes DR’s, VIR’s, and DO’s) and the first available designated re-ride for that performance. If more than one position is being replaced within a performance or slack, the order that each are replaced will be determined by random draw. If more contestants check in with the rodeo secretary than there are positions available, the contestants accepted will be determined by their order on the alternate list (established by Procom). A contestant who did not enter the rodeo and who does not have a position on the alternate list, can also check in with the rodeo secretary prior to the walk up deadline by presenting his current active PRCA membership card to the rodeo secretary. If more contestants who are not on the alternate list check in with the secretary than there are positions available, a random draw by the judges will determine which alternates will be accepted. After all of the turned out positions have been replaced by contestants who did have a position on the alternate list, any remaining turned out positions may be filled by current active PRCA contestants who did not have a position on the alternate list and who did check in with the rodeo secretary by the walk up deadline. If a contestant, who was not originally entered in the rodeo, is ineligible and competes at the rodeo, will have any money owed to the PRCA retained by the PRCA from his money won at that rodeo. Contestants who are placed in a position at another PRCA rodeo or event on the same day as the position being replaced will not be eligible to be an alternate for that position with the following exception. A contestant can compete at a rodeo as a replacement and at another rodeo with a “same day” conflict as long as he does not turn out of either rodeo. The contestant must notify the secretary that he has already competed at the conflicting rodeo or will actually be competing at the conflicting rodeo that is flagged on the secretary’s alternate list and therefore will be eligible to be used as an alternate. For example, if a contestant competes during a performance or slack at one rodeo then arrives and physically checks in with the rodeo secretary prior to the “walk up” deadline at another rodeo with a same day conflict, he will be allowed to compete at both rodeos. Or a contestant may be used as an alternate at one rodeo and then compete at another rodeo with a same day conflict in which he was already entered as long as he competes at both and does not turn out of the conflicting rodeo. Conflicting positions for each alternate will also be flagged with an “X” on the alternate list. A contestant will be responsible to know his conflicting rodeos and will be disqualified and fined \$100 if he checks in with the secretary and competes as a replacement and then turns out of the rodeo with the “same day” conflict. Positions at other rodeos that are turned-out will be considered conflicts.

STOCK DRAW AT TOUR RODEOS

Riding event stock for “Tour” rodeos will be drawn 7 days prior to the first performance of the rodeo with the following exception. If the stock contractor or a sub-contractor for a given rodeo is supplying stock for another rodeo that is not completed prior to the stock draw 7 days prior to the given rodeo, stock for the given rodeo will be drawn per the PRCA Rule Book (no later than 72 hours prior to the first performance).

Rodeo Entry Information

ATTENTION CONTESTANTS

NSD (“NO SAME DAY”) AND NSP (“NO SAME PERFORMANCE”) PREFERENCES

The NSD (“No Same Day”) and NSP (“No Same Performance”) preferences can ensure that a contestant will not be placed to compete at two or more different PRCA rodeos either on the same day or within the same performance time frame. For the purpose of the NSP (“No Same Performance”) preference, performance (or slack) start times will be defined as: 12:00 AM through 11:59 AM as a morning performance or slack, 12:00 PM through 5:59 PM as a matinee performance or slack, and 6:00 PM through 11:59 PM as a night performance or slack. Only conflicts with other PRCA sanction rodeos or events will be checked. Conflicts with Canadian rodeo will NOT be checked.

The contestant must give, at the time of entry, a specific performance or slack, generic slack, or the middle as a first preference to use the NSD or NSP as a second preference. Conflicts will not be checked if a contestant receives his first preference (the contestant will be responsible for not creating a conflict by giving a conflicting first preference). If a contestant does not receive his first preference, he will be placed in the first available non-conflicted position or be drawn out (if a non-conflicted position is not available), if and only if he gives an NSD or NSP as a second preference. Only the first go-round of a two or more go-round rodeo will be checked for conflicts with the exception of back to back formats or where the second or subsequent go-round cannot be traded. If trades for subsequent go-rounds at a specific rodeo will not be allowed, conflicts will be checked for all go-rounds at that rodeo (this does not apply to progressives and finals). Where the PRCA rulebook allows, second and subsequent go-round trades will be done through the rodeo secretary. If the NSD or NSP is used while entering a given rodeo, only the original position (drawn by PROCOM) at a rodeo with conflicting dates will be checked for conflicts, if a first go-round trade has not been finalized and processed by PROCOM. Once the first go-round trade has been verified and processed by PROCOM, then conflicts with the new traded position can be checked.

If a NSD or NSP preference is used, a contestant will not be placed in a conflicted position, he will be drawn out. If any one contestant in a buddy group has a conflict, the entire buddy group will be drawn out. If either team roping partner has a conflict, both team roping partners will be drawn out. This does not apply to multi-event buddy groups, since the same performance or slack in all events is not always guaranteed. The contestant may receive a non-conflicted position in one event and not in another. In this case the contestant can add a parameter with his entry at the time of entry to “draw out of all events, if drawn out of one due to the NSD or NSP preferences.”

For rodeos that have conflicting dates, the entries for the rodeos with the largest amount of total added money will generally close first. Therefore, a contestant will be placed in a rodeo with a larger purse first and then placed in the rodeo with the smaller

purse if a non-conflicting position is available. Contestants who give slack as a first preference are no longer required to give a performance as a second preference. Instead,

contestants will also be allowed to give a specific slack, generic slack, or the middle for their first preference and another specific slack for a second preference. All other preferences and parameters that have been allowed in the past will remain the same.

X-BULLS EVENTS WITH A FINALS

GROUND RULES: The 30-Hour and Walk-Up Replacement Policies will be in effect. The check-in deadline for Walk-Up Replacements will be one hour prior to the performance.

ALL CONTESTANTS: Re-entries will be accepted for available positions on XXX, XXX XX between 9:00 AM and 11:00 AM. See Rodeo Entry Information page of the Business Journal.

TRADE DEADLINE: (if two performances) XXX, XXX XX at 5:00 PM. All confirmed trades will be final and processed immediately after both involved parties have confirmed through PROCOM.

GRACE PERIOD: will expire one hour after entries close.

FORMAT: XX minimum entries. One go-round with a top XX finals (will not exceed XX). If there are not XX qualified rides in the first go-round to fill the finals all remaining positions will be filled based on a random draw back list established by the judges prior to the start of the event. If ties result in more than 12 to advance to the finals the back judge will break the tie. If the back judge cannot break the tie, the random draw back list will determine which of the tied contestants will advance.

QUALIFICATIONS: Qualifications will be listed in the long listings for each individual X-Bulls Event. No Exemptions. A contestant will not be accepted as an entry at an X-Bulls Event if he is already placed in a position at another PRCA rodeo or event on the same day as the X-Bulls Event. If a contestant turns out of a PRCA rodeo that has a same day conflict as the X-Bulls Event, and competes at the X-Bulls Event, he may be disqualified at the X-Bulls Event.

CHECK-IN: Contestants must check-in or notify the rodeo secretary one hour prior to the start of the performance. Failure to do so may result in an alternate contestant being selected and allowed to compete. Animals that were drawn by contestants who did not check in by the deadline and were replaced by alternate contestants will be included in the draw for replacement contestants.

ALTERNATES: Alternates will be selected based on previous year money won for events occurring prior to May 1 or current year money won (as of 7 days prior to entry closing) for events on May 1 or later. A contestant who is placed in a position at another PRCA rodeo or event that conflicts with the X-Bulls Event will not be eligible to be used as an alternate. Contestants may check-in with or call the rodeo secretary no later than one hour prior to the start of the event to confirm his availability and desire to be an alternate. If selected, the alternate will assume the competition position of the contestant that he is replacing. If there are more than one available position, random draw by the judges will determine which position will be filled by the alternate contestant(s). Alternate contestants who accept a position as a "30 Hour" replacement after being contacted by Procom will be informed that their stock will be determined by a judge's draw. The stock for the "30 Hour" and Walk-Up" replacements will be drawn by the judges after the "Walk-Up" replacement deadline which is one hour prior to the event from a pool of animals that will include all the animals that were notified through Procom as turn outs (includes DR's and VIR's), any animals that were drawn by contestants who did not check in by the deadline and were replaced, and the designated re-ride(s) only if needed. If a contestant turns out (notified or non-notified) or visible injury releases, he will be responsible to pay entry fees whether he is replaced or not. The alternate contestant will also be responsible to pay entry fees. Also, if a contestant turns out of an X-Bulls Event and is not replaced, he will receive a \$250 fine (does not include DR's and VIR's).

STOCK DRAW: Stock will be drawn no later than 72 hours prior to the performance. The Event Representative may designate the re-ride animals. The event will count towards the official rodeo count for any contestant who turns out after stock callbacks.

FINALS STOCK: The order of the bulls to be used in the finals will be randomly drawn by the judges and listed in order on the judges' sheets prior to the first go-round of competition. The contestant with the lowest score will be placed first on the list and the contestant with the highest score will be placed last on the list with an animal already drawn to that position. The order of any ties will be randomly drawn by the judges.

RE-RIDES: After all replacements have been made, any remaining available animals that were notified as turn-outs (includes DR's and VIR's) will be used prior to using the designated re-ride(s).

PAYOFF: 6% of the total amount (added money plus entry fees) will be deducted prior to the payoff and sent in with the results. Of the remaining amount, 30% will be allocated to the long go-round (pays 8 places), 20% will be allocated to the finals (pays 6 places), and 50% will be allocated to the average (pays 8 places). All percentages will be divided in accordance with the Rule Book. Contestants who did not have a qualified score in the long go-round and are drawn back to compete in the finals will be eligible to place in the average. Money won by any contestant in the finals will count towards PRCA World Standings, X-Bulls Standings, and Rookie of the Year Standings.

NOTE: In order for money won at X-Bulls Events to count towards PRCA World Standings and Rookie of the Year Standings, a contestant must have competed at a minimum of 40 PRCA rodeos during that current rodeo season. Money won will count towards X-Bulls Standings for that respective X-Bulls season. Money won will not count towards All Around or Circuit Standings, nor will the event be applied to a contestant's required participation count.

NOTE: Any deviation from these ground rules will be listed in the long listings of the Business Journal for that specific X-Bulls Event.

ENTRY FEES: Events that add \$20,000 or more --\$250 (plus \$35 supplemental fee); Events that add \$19,999 or less --\$100 if one/\$150 if two (plus \$35 supplemental fee.)

X-BULLS EVENTS WITH NO FINALS

GROUND RULES: The 30-Hour and Walk-Up Replacement Policies will be in effect. The check-in deadline for Walk-Up Replacements will be one hour prior to the performance.

ALL CONTESTANTS: Re-entries will be accepted for available positions on XXX, XXX XX between 9:00 AM and 11:00 AM. See Rodeo Entry Information page of the Business Journal.

GRACE PERIOD: will expire one hour after entries close.

FORMAT: XX minimum entries. One go-round. May be two go-rounds, back to back, same performance, depending on the number of entries. If two go-rounds, the number of entries accepted during the re-entry period will not exceed one half the original limit.

QUALIFICATIONS: Qualifications will be listed in the long listings for each individual X-Bulls Event. No exemptions. A contestant will not be accepted as an entry at an X-Bulls Event if he is already placed in a position at another PRCA rodeo or event on the same day as the X-Bulls Event. If a contestant turns out of a PRCA rodeo that has a same day conflict as an X-Bulls Event, and competes at the X-Bulls Event, he may be disqualified at the X-Bulls Event.

CHECK-IN: Contestants must check-in or notify the rodeo secretary one hour prior to the start of the performance. Failure to check in may result in an alternate contestant being selected and allowed to compete. Animals that were drawn by contestants who did not check in by the deadline and were replaced by alternate contestants will be included in the draw for replacement contestants

ALTERNATES: Alternates will be selected based on previous year money won for events occurring prior to May 1 or current year money won (as of 7 days prior to entry closing) for events on May 1 or later. A contestant who is placed in a position at another PRCA rodeo or event that conflicts with the X-Bulls Event will not be eligible to be used as an alternate. Contestants may check-in with or call the rodeo secretary no later than one hour prior to the start of the event to confirm his availability and desire to be an alternate. If selected, the alternate will assume the competition position of the contestant that he is replacing. If there are more than one available position, random draw by the judges will determine which position will be filled by the alternate contestant(s). Alternate contestants who accept a position as a "30 Hour Replacement" after being contacted by Procom will be informed that their stock will be determined by a judge's draw. The stock for the "30 Hour" and Walk-Up" replacements will be drawn by the judges after the "Walk-Up" replacement deadline which is one hour prior to the event from a pool of animals that will include all the animals that were notified through Procom as turn-outs (includes DR's and VIR's), any animals that were drawn by contestants who did not check in by the deadline and were replaced, and the designated re-ride(s) only if needed. If a contestant turns out (notified or non-notified) or visible injury releases, he will be responsible to pay entry fees whether he is replaced or not. The alternate contestant will also be responsible to pay entry fees. Also, if a contestant turns out of an X-Bulls Event and is not replaced, he will receive a \$250 fine (does not include DR's and VIR's).

STOCK DRAW: Stock will be drawn no later than 72 hours prior to the performance. The Event Representative may designate the re-ride animals. The event will count towards the official rodeo count for any contestant who turns out after stock callbacks.

RE-RIDES: After all replacements have been made, any remaining available animals that were notified as turn-outs (includes DR's and VIR's) will be used prior to using the designated re-ride(s).

PAYOFF: 6% of the total amount (added money plus entry fees) will be deducted prior to the payoff and sent in with the results. Payoff will be in accordance with the PRCA Rule Book.

NOTE: In order for money won at X-Bulls Events to count towards PRCA World Standings and PRCA Rookie of the Year Standings, a contestant must have competed at a minimum of 40 PRCA rodeos during that current rodeo season. Money won will count towards X-Bulls Standings for that respective X-Bulls season. Money won will not count towards All Around or Circuit Standings nor will the event be applied to a contestant's required circuit participation count.

NOTE: Any deviation from these ground rules will be listed in the long listings of the Business Journal for that specific X-Bulls Event.

ENTRY FEES: Events that add \$20,000 or more --\$250 (plus \$35 supplemental fee): Events that add \$19,999 or less --\$100 if one, \$150 if two (plus \$35 supplemental fee)

The contestant with the lowest score will be placed first on the list and the contestant with the highest score will be placed last on the list with animals already drawn to those positions. The order of any ties will be randomly drawn by the judges.

PAYOFF: 6% of the total amount (added money plus entry fees) will be deducted prior to the payoff and sent in with the results. Of the remaining amount, 60% will be allocated to the long go-round (pays 8 places), and 40% will be allocated to the finals (pays 4 places). There will be no average payoff. If a request is accepted, the charge for the buckle will be retail. There will be no award buckles made that are not listed in the PRCA/Montana Silversmiths contract. Then again, if an exception is to be made, it will have to be authorized by the Properties Dept.

ALL EVENTS - Re-entries will be accepted for available positions on Tue., May 7 between 9 AM and 11 AM. See Rodeo Entry Information page of the business journal.
GRACE PERIOD - Will expire one hour after entries close.
ALL CONTESTANTS - A contestant will not be accepted as an entry at this event if he is already placed in a position at another PRCA rodeo or event with a same performance conflict as this event.
CHECK-IN DEADLINE - Contestants must check in with the rodeo secretary by 12:00 PM on May 11. Failure to check in will result in that contestant being replaced by the next available alternate.
QUALIFICATIONS - 30 entries. The 2023 California Circuit Year End Saddle Bronc Champion and the 2023 California Circuit Finals Average Winner will be accepted. The remaining 28 positions will be filled based on PRCA World Standings. 60% from 2023 World Standings and 40% from 2024 World Standings as of 7 days prior to entry closing.
FORMAT - There will be 5 brackets with 6 contestants in each bracket. Horses will be placed in each bracket by the event representative and a re-ride will be designated for each bracket. At 12:30 PM on the day of the event, the contestants will draw for positions 1-30 (1-6 will be the 1st bracket, 7-12 the 2nd bracket, 13-18 the 3rd bracket, 19-24 the 4th bracket, and 25-30 the 5th bracket). Contestants will receive the animals that have already been designated for their corresponding drawn positions. The first place winner of each bracket will advance to the Finals, for a total of 5 contestants. If there is a tie for 1st place within a bracket, a random draw by the judges will determine which contestant advances. If there are no qualified rides in a bracket, the contestant with the next highest score from the other brackets, who is not already advancing, will advance to the Finals. If there is a tie for the next highest score, a random draw will determine which of the tied contestants advances.
PAYOFF - There will be \$4,128 allotted to each of the 5 brackets (this amount may vary due to doctors released contestants who are not replaced or if less contestants than the limit enter the event). Each bracket will pay two places, 67% for first place and 33% for second place. If there are no qualified scores within a bracket, the \$4,128 allotted for 1st place will be divided evenly among the other contestants in that bracket and will be considered ground money. There will be \$32,000 allotted to the Finals. The Finals will pay 4 places: \$12,800 for 1st place; \$9,600 for 2nd place; \$6,400 for 3rd; and \$3,200 for 4th. If there are less qualified scores in the finals than there are places to be paid, the remaining places will be paid based on highest scores in the first go-round. If there are no qualified rides in the Finals, all places will be

paid based on highest scores in the first round.
NOTE - All money paid out at this event (except for any ground money in the brackets) will count towards 2024 PRCA World Standings, 2024 XBroncs Standings, and the 2024 PRCA Rookie of the Year Standings as long as the contestant entered and competed at a minimum of 40 PRCA rodeos during the 2024 rodeo year. GROUND RULES: ALL CONTESTANTS -

Contestants who turn-out or doctor's release the Darby Extreme Bareback event on June 2 will be replaced by the next highest ranking on the alternate list for the Extreme event which will be based on highest scores in the average from the Qualifying Performance.

GRACE PERIOD: Will expire one hour after entries close.

QUALIFICATIONS: 30 entries will be accepted for the Darby Extreme Bareback event on Sun., June 2. The top 20 who enter based on 2024 PRCA World Standings (as of 7 days prior to entry closing) will be accepted as entries for the Darby Extreme Bareback event on Sunday, June 2. Ten contestants will advance from the Qualifying Performance on Saturday, June 1 to the Extreme event on Sunday, June 2. If less than 20 contestants enter the Darby Extreme Bareback event on June 2nd, remaining available positions will be filled from contestants advancing from the Qualifying performance based on highest scores (not to exceed a total of 30).

FORMAT FOR THE QUALIFYING PERFORMANCE:

The Qualifying Performance will be either one go-round, two go-rounds, or one go-round with progressive round depending on the number of entries. If one go-round, the contestants with ten highest scores in the Qualifying Performance will advance to the Extreme Event (will not exceed ten). If ties result in more than ten to advance, the tied contestant(s) with the highest ranking in the 2024 World Standings (as of 7 days prior to entry closing) will advance. If two go-rounds or one go-round with a progressive round or a finals,

the ten contestants with the highest rankings in the average after two go-rounds will advance to Extreme event. If ties result in more than ten to advance, the tied contestant with the single highest score in the Qualifying Performance will advance. If a contestant does not accept advancement to the Extreme event due to injury in the Qualifying performance or any other reason, the contestant with the next highest ranking in the average from the Qualifying performance will advance. Ten contestants will advance.

FORMAT FOR THE EXTREME EVENT: One go-round with a top 12 finals. The 30 contestants will be placed into 3 sections with 10 contestants in each section. Contestants, who enter, based on their rankings in the 2024 World Standings (as of 7 days prior to entry closing) will be placed in the section as follows: Section one: 1, 6, 7, 12, 13, 18, 19 and 1st, 4th, and 9th from the Qualifying Performance. Section two: 2, 5, 8, 11, 14, 17, 20, and 2nd, 5th, and 8th from the Qualifying Performance. Section three: 3, 4, 9, 10, 15, 16, and 3rd, 6th, 7th, and 10th from the Qualifying Performance. Contestants ranking will be dependent on the contestants who enter. For example, if the contestant who is ranked 1st in the standings does not enter, and the contestant who is ranked 2nd does enter, the contestant who is ranked 2nd in the standings will fill the #1 position since he was the highest ranked contestant who actually entered. After the contestants have been placed in the three sections, PROCOM will draw a random order for the contestants within each section to be listed on the judges sheets. The top 4 contestants based on highest scores from each of the three sections will advance to the finals. If ties result in more than 4 to advance, see following tie breaker procedure. If there are less than 4 qualified rides in a section, the contestant with the next highest score from the other sections who is not already advancing, will advance to fill that position.

TIE BREAKER PROCEDURE - Prior to the event, the judges will randomly draw a number (1 through 30) for each of the 30 contestants. This number will be used to break any ties for advancement to the finals. For example, if 4th place in a section is tied between two contestants, and one contestant's drawn number is #1 and the other contestant's drawn number is #12, the contestant with the lowest number which in the example is #1, will advance to the finals. TURN-OUT, DR's and VIR's in the Darby Extreme Bareback event on Sunday will be replaced by contestants from the alternate list. If the Qualifying Performance is one go-round, the order of the alternate list will be based on highest single scores in the Qualifying Performance. If the Qualifying Performance is two go-rounds or one go-round with a progressive or a finals, the alternate list will be based on highest rankings in the average. Contestants who desire to be used as alternates must check-in with the rodeo secretary no later than one hour prior to the start of the Extreme event. After the one hour check-in deadline, the alternates will be randomly drawn to the available positions. If stock has already been drawn the alternate contestant will compete on the animal that he has been drawn by the contestant that he is replacing.

DRAFT PROCESS - Will be used to assign stock to contestants. The draft process will occur at the rodeo secretary's office (or location still to be determined) 2 hours prior to the start of the event.

STOCK DRAW FOR THREE SECTIONS: There will be 12 horses set for each section with 10 contestants in each section. In order listed on the judges sheets, each contestant will draw a number, 1 through 10. The contestant who draws #1 will be the first to select an animal on which he will compete. Contestants will select their competition

animals in order of the numbers that they draw. If a contestant is not physically present to select his animal, he will be moved to the bottom of the draw order. After all contestants who are present has selected their competition animals, the judges will draw animals for the contestants who are not present from the remaining animals not yet selected. The two animals not selected will become the re-rides. A coin flip will determine which will be the first re-ride. This procedure will be followed for all three sections. The time and location of the draft process will be included in PROCOM callbacks.

STOCK DRAW FOR THE FINALS: The buck order of the horses to be used in the finals will be established prior to the stock draw. The draw order will be based on scores in the long go-round. The contestant with the highest score in the long go-round will draw first and the contestant with the lowest score in the long go-round will draw last. If there are ties in the placings advancing to the finals, the tie breaker procedure will be used to determine the order in which the tied contestants draw. The competition order will be based on pre-established buck order of the horses.

ENTRY FEES: Entry fees for the 20 contestants who are originally accepted as entries for the Darby Extreme Bareback event on June 4 will be \$250 (plus \$35 supplemental fee). Entry fees for contestants accepted as entries for the Qualifying Performance will be \$100 (plus \$35 supplemental fee). The \$100 entry fees for the Qualifying performance will be included in the pay-off for the Qualifying performance. The contestants who advance from the Qualifying Performance to the Darby Extreme Bareback event will not be required to pay any additional fees. **PAY-OFF** for the DARB Y EXTREME BAREBACK EVENT on Sun., June 4: \$50,000 added plus \$5,000 in entry fees for 20 contestants minus \$3,300 for the 6% equals \$51,700 to be included in the pay-off. \$5,000 will be allotted to each of the three sections (\$15,000 total), each section will pay \$2,000 for 1st; \$1,500 for 2nd; \$1,000 for 3rd; and \$500 for 4th. GROUND RULES: May also enter online between May 27 at 8 AM and May 28 at 2 PM.

QUALIFICATIONS: 30 entries. 7 from 2023 CPRA standings. 7 from 2023 PRCA standings. 8 from 2023 CPRA standings as of May 26, 2024. 7 from 2023 PRCA standings as of May 26, 2024. Any remaining positions will be filled based first on 2023 CPRA standings, 2023 PRCA standings, then a random draw of card holders, then semi pro card holders. If there are still remaining open positions, they will be filled by a random draw of permit holders.

FORMAT: One go-round with a top 8 finals. If there are not 8 qualified rides during the long go-round, all remaining positions will be filled by random draw. If 8th place is tied going into the finals, the tie will be broken by the highest marked spur ride from the long go-round. If still tied, the tie will be broken by random draw.

PAY-OFF: 50% of the total purse for the long go-round and 50% for the short go-round. Long go-round will pay 8 places. Short go-round will pay 4 places. There will be no average pay-off.

TURN-OUT/ ALTERNATE PROCEDURE: Contestants who have originally entered and were eligible at time of entry but were drawn out will be added to an alternate list. These contestants will be notified of any turn-outs or doctor releases and be given the option of re-entry up to 24 hours prior to rodeo turn-out deadline. Any turnouts done after the alternate time frame will be filled by walk-up replacements only. If stock has already been drawn in the rough stock, they will draw stock from a pool of animals consisting of all turned-out stock for that performance and all re-ride stock for that performance.

WALK-UP REPLACEMENT: Contestants who have originally entered and were eligible at time of entry but were drawn out may, in person, check with the rodeo secretary no later than 1 hour prior to the

performance to confirm their availability and desire to be an alternate. If selected, by random draw of all walk-ups available, an alternate will assume the competition position of the contestant that he is replacing. In the rough stock, they will draw stock from a pool of animals consisting of all turned-out stock for the performance and all re-ride stock for that performance.

******If a contestant notifies a turn-out, DR or visible release and is replaced by an alternate, the alternate contestant will be responsible for the entry fees. If the contestant that notified the turnout or visible release is not replaced by an alternate, they will be responsible for the entry fee. If a contestant properly doctor releases they will not be responsible for entry fees. ******

******In the event that there are not enough qualified rides in the go-round, a random draw back list will be used to select contestants to fill the remaining positions in the finals. Contestants who did not have a qualified score in the go-round and are drawn back to compete in the finals, will not be eligible to place in the aggregate. Money won in the finals will count. ******

Money won at Xtreme Broncs Events will count towards X-Broncs Standings which will be used for qualifying for the finale in Rapid City. In order for money won in the Wildwood Saddle Bronc competition to count for the 2024 National Finals Rodeo or the 2024 Rookie of the Year standings, during the 2024 season, a contestant must have entered and competed at a minimum of 40 PRCA rodeos. Money won at the Wildwood Saddle Bronc competition will not count towards All-Around standings.

All remaining qualifiers, not to exceed 10, will be based on fastest times in the average after the three go-rounds. If qualifiers for the last position are tied in the average, the contestant with the single fastest time in one go-round will be accepted. If still tied, the tied contestant with the highest ranking in the World Standings will be accepted.

NOTE: Contestants are required to go to a minimum of 15 PRCA rodeos for the money won at this event to count towards 2024 World standings or the 2024 Rookie of the Year standings. The order of competition of ties from the first go-round will also be determined by random draw. If there are not 12 qualified times from the first go-round, to fill the performance, the remaining positions will be filled by contestants based on the reverse order of their first go-round positions (only contestants who competed in the first go-round will be placed in the performance). The remaining contestants (not placed in the performance) will run their second go-round in the slack immediately following the completion of the first go-round position. The order of the draw will be the same as the competition order.

SR - Three go-rounds. The SR will be held on Wed., June 19 at 9 am in its entirety. (No SR will be run during the performances). Extras will be used to replace sick or injured animals. (The misdraw procedure will not be used). \$60 stock charge per go-round.

Contestants will be notified of their alternate position number at call back at which time they must provide their contact information to be eligible. These contestants will be notified of ant turn-outs or doctor releases and be given the option of re- entry up to the 24 hours prior to the rodeo turn out deadline. TD, SW, TR - Top twelve (12), if a tie exists, it will be broken by the fastest time on any one head. If still tied, the tie will be broken by the second fastest time on any one head. If still tied the Canadian Standings as of June 22, 2023 will be the tie breaker. SB, BB, BR - Top twelve (12), if a tie exists, it will be broken by going back to judge's card, the high mark contestant on the cowboy spur ride will break the tie. Contestants who are a notified turn-out or contestants who are unavailable at the start of the section of their event will be replaced by the next available contestant; next is defined by the 2023 Ponoka Stampede standings. Ponoka Stampede reserves the right to roll contestants into the Finals (to total of 12 contestants) in the event of turn outs. In case of ties between 13-14 etc., tie breaker rules to decide the next contestant into the finals, the procedure will be the same as determining the top twelve (12) qualifiers.

SHOWDOWN FORMAT - Cowboy Rule - Must make a qualified ride or run to be paid. No GROUND MONEY WILL BE PAID. All monies paid in the SHOWDOWN will count towards CPRA/PRCA/WPRA standings. In the event no qualified rides/times in the showdown there will no payout and the average winner will be the Stampede Champion. No times or score will be carried into the Showdown. All stock will be selected by the event reps and the committee. Order of competition will be fourth (4th) to first (1st), timed events must be split so as no back to back runs on the same horse. Top four (4) contestants, maximum of four (4), from the average of the rodeo will compete in the Showdown. If not enough qualified rides/runs for the Showdown, the highest score taken to the Finals will qualify (also includes injuries).

PRIZE MONEY - TBD, held out per event for the Showdown split as follows: Four (4) Qualified Rides/Runs: 1st - 50%, 2nd - 25%, 3rd - 15%, 4th - 10% Three (3) Qualified Rides/Runs: 1st - 55%, 2nd - 28%, 3rd - 17%. TIE BREAKER FORMAT TO QUALIFY FOR

SHOWDOWN - SB, BB, BR - Highest score on the Finals will break ties. If a tie still exists the contestant with the highest score in the first (1st) go-round will break the tie. If a tie still exists, the contestant with the most money won in previous go-rounds on two (2) head will advance. If a tie still exists, the Canadian Standings as of June 22, 2023 will be used.

TD, SW, TR - Fastest time in the Finals will break ties. If a tie still exists the fastest time in the first (1st) go-round will break the tie. If a tie still exists the contestant with the most money won in previous go-rounds on two (2) head will advance. If a tie still exists, the Canadian Standings as of June 22, 2023 will be used.

SHOWDOWN TIE BREAKERS - All tie breakers are based on qualified rides and times only. If a tie exists after the showdown contestants have competed once, there will be either a ride off or run off (depending on the event) between the tied contestants to determine the Champion. In rough

stock events, if a ride off is required, any animals that were drawn as re-rides for the Finals and were no used will automatically be the ride-off animals. In timed events, if a run off is required, the designated spares will be used as the tie breaker animals. If a tie still exists after a ride off/run off, contestants will be co-champions.

The top 32 (plus splits) advance to a progressive go-round held during the performances (8 per performance, slowest to fastest). Contestants in the progressive go-round may trade. Extras will be used to replace sick or injured animals. (The misdraw procedure will not be used). Electric eye may be used and judges will have option to use a hand pulled barrier. \$60 stock charge per go-round. QUALIFICATIONS: BB, SB, BR - 48 minimum entries. No compensation. No slack.

TD, SW, TR - 90 minimum entries (or teams). Two go-rounds. Back to back. The first go-round for each back to back group will be run at 8 AM on the day of the performance. The committee will have the option of designating two contestants (or teams) to compete during the performance that night for their second go-round. This designation must be made by the committee through PROCOM by 5 PM the first business day after the first go-round trade deadline. Also, the contestants with the top ten fastest times from the first go-round will be placed in the performance (slowest time will run first, fastest time will run last). The number of contestants placed in the performance will not exceed 10, unless one or both of the committee designated contestants are not among the top 10 from the first go-round (in this case the maximum could be 11 or 12). If the committee designated contestants are among the top 10, they will assume their position based on their first go-round time. If they are not among the top 10, they will run first in the performance (if neither of the two designated contestants are among the top 10, they will run first and second based on the reverse order of their first go-round positions). If splits result in more than 10, a random draw will determine which contestants will compete in the performance and which will compete in the slack. The order of competition of ties from the first go-round will also be determined by random draw. If there are not 10 qualified times from the first go-round to fill the performance, the remaining positions will

be filled by contestants based on the reverse order of their first go-round positions (only contestants who competed in the first go-round will be placed in the performance). The remaining contestants (not placed in the performance) will run their second go-round in slack immediately following the completion of the first go-round in reverse order of their first go-round. The order of the draw will be the same as the competition order.

TD, SW, TR - If a contestant qualifies for the finals at Casper and/or Colorado Springs and is placed in the Saturday morning slack at Sheridan, he will be allowed to compete on his second go-round animal immediately following the completion of the first go-round as long as he notifies the rodeo secretary prior to the stock draw for the second go-round. These contestants will compete first (and draw last) in the second go-round regardless of their first go-round times. The ten contestants or teams with the fastest times not including the contestants who qualify for the finals at Casper or Colorado Springs and request to be run first in slack, will be placed in the performance following the procedures outlined in the previous ground rules."

The Playoff Series Standings will be based on points distributed to contestants for the top 20 placings at each of the Playoff Series Rodeos. There will be three levels of points distribution based on the total payout at a Playoff Series Rodeo. Points will be distributed based on placings in the average at that respective rodeo for rodeos with a one go-round format, a two go-round format, or a format with one or more go-rounds with a finals. Contestants with no score or no time at that rodeo will not be awarded Series points.

At tournament format rodeos, the contestants who qualify for the Finals will receive points for the highest placings. The number of placings that are distributed for the Finals will correspond with the number of contestants who advanced to the finals. Points will be distributed based on highest scores or fastest times in the Finals. If there are less qualified scores or times than there are contestants competing in the Finals, the points allotted for the remaining places that were not distributed due to the lack of qualified scores or times in the Finals will be split evenly among the contestants with no time or no score in the Finals. After points are distributed to contestants who qualified for the Finals, the remaining points will be distributed to contestants based on highest scores or fastest times in the Semi-Finals. For example, at a tournament style rodeo where there is a long go-round, followed by a Wild Card round and a Semi-Final round and then followed by a top 8 Finals with a top 4 Shoot-Out round, the contestants who qualified for the top 4 Shoot-Out round will be awarded the points for the first 4 places. The remaining 4 contestants who qualified for the top 8 Finals who did not qualify for the top 4 Shoot-Out round will be awarded points for 5th through 8th places based on highest scores or fastest times in the Finals. If there are less qualified scores or times in the Finals than there are contestants competing in the Finals, the points for the remaining places will be divided evenly among the contestants with no scores or no times in the Finals. The points for the remaining 12 places (9th through 20th) will be awarded to contestants with the highest scores or fastest times in the Semi-Finals. If there are less than 12 contestants (in this example) with a qualified score or time in the Semi-Finals, the points for the remaining places (not to exceed a total of 20 places plus splits) will be divided evenly among the contestants with no score or no time in the Semi-Finals. If there are remaining points to be distributed to contestants for the top 20 places after all contestants in the Semi-Finals have been awarded points for their placings, points will be distributed to contestants with highest scores or fastest times in the Wild Card round. If there are still points to be distributed to contestants for the top 20 places after points have been awarded to contestants in the Wild Card round, points will be distributed to contestants based on highest scores or fastest times in the average from the Brackets. Contestants with no qualified score or time at that rodeo will not be awarded Series points.

Points will count towards a contestant's ranking in the Playoff Series Standings only for Playoff Series Rodeos that are designated as "official" entries.

Additionally, turn out fines will be doubled at 2024 Playoff Series rodeos. Contestants will be assessed a maximum 10-point deduction for turning out at a Playoff Series Rodeo. (includes notified and non-notified TO's, does not include VIR's and DR's). The Cutoff date for qualifications to Puyallup, WA will be August 26th, 2024. Playoff Series rodeos occurring after this date will still accumulate points for qualifications to Sioux Falls, SD. Note, if you are eligible and qualify to compete at Puyallup, WA, you must enter and compete in all go-rounds to be eligible to advance to Sioux Falls, SD.

The 2024 NFR Open Champion will be seeded into Puyallup, WA in the 13th position.

2024 Rules & Bylaws – Expedited

Change R9.3.3.8 Bull Riders Knocked Off at the Chute, or Fall by a Bull Fouled Bull Rider. Riders who are knocked off at the chute, or whose bull falls, shall be entitled to a reride at discretion of judges. If a contestant is fouled in the Bull Riding event and he declares or is disqualified prior to the expiration of the (8) second time requirement, he will be entitled to a re-ride. If he accepts the foul and qualifies, he is only entitled to his marking.
 (C. Rostockyj 03/24) **Adopted as amended by BOD 04/24 Expedited**

Change R3.2.5.3 Designated Re-Rides Set. Any PRCA rodeo event that adds more than \$9,999.99, two designated re-rides must be drawn per rule R3.2.6. Only the required number of re-rides will count as an official out for NFR qualification. Additional re-rides may be set; however, they will not count as an official out for NFR qualification unless they are used. If an animal is drawn for competition but turned out for any reason by a contestant, including notified turnout, non-notified turnout, doctor release, visible injury or draw out, it will count as an out. If an animal is drawn for competition but removed by the contractor for any reason, including sickness, or injury lameness, it will not count towards the minimum number of outs. Failure to have available re-rides will result in a \$1000 fine to the contractor and will progressively double after each offense.
 (K. Marrington 04/24) **Adopted as amended to be in effect for the 2024 Rodeo Season (beginning October 1, 2023) by BOD 04/24 Expedited**

Change B8.3.1 Minimum Performances. All riding event livestock selected for the NFR must have been drawn for competition a minimum of eight outs at PRCA events during the Rodeo Year for which the NFR is being held. An animal selected for bareback riding or saddle bronc riding need only have eight outs in these two events combined. If an animal is drawn for competition but turned out for any reason by a contestant, including notified turnout, non-notified turnout, doctor’s release, visible injury or draw out, it will count as an out. If an animal is drawn for competition but removed by the stock contractor for any reason, including sickness, injury or lameness, it will not count towards the minimum number of outs. Animals selected as first reride will count towards the minimum number of outs. All other rerides will not count unless that animal is competed on at the rodeo in which it was selected as a reride. Outs at the previous year’s NFR, will not count toward the minimum number of outs. All riding event livestock minimum performance requirements must be met by the end of the Rodeo Year in order to be selected. A Stock Contractor qualifying to bring selected riding event livestock to the NFR under paragraph B8.3.2 below may bring only Eligible Livestock.
